

- **SE C Lateral**
Extend the collection system and curb and gutter.
- **SE 10th and C**
Expand channel and build a regional detention pond.
- **SW 3rd and C Laterals**
Local lateral to direct poorly drained areas to the new 48" collector on SW B Street.
- **NW 5th and Bella Vista**
Extend the collection system and add curb and gutter.
- **NW Tiger and G**
Extend collection system to SW 10th Street. Includes curb and gutter along streets.
- **SW 2nd and O**
Install pipe to collect water from the highway that is currently flooding homes along "O".
- **NW 8th and F**
New collection system to provide drainage for 20 homes.
- **NW Trails End and C**
Replace and extend the collection system and install curb and gutter.
- **SE Henry and F**
Reroute stormwater to new collection system.
- **Greenhouse Road Regional Detention**
Includes 3 berms to blend into the area's natural features. Proposed bike trails will connect to 28th Street Park.
- **SE 7th and A Lateral**
Extend the collection system and complete the curb and gutter.
- **North 8th and Main**
Construct collection system including curb and gutter. Provide a controlled discharge pipe and energy dissipation.
- **Opal Road**
Shift Opal Road and connect to SW Vendor. Install the new bridge and bridge approaches.
- **North Main**
Replace the undersized pipe across Main Street.
- **NW 2nd and G**
Extend collection system to provide drainage for additional residential area.
- **NW 4th and D**
Construct depressed channel in the alley and direct flow to NW D Pond.
